## DECREASING A DEBT.

Next Year Will See a Big Reduction in City Expenses as

THE RESULT OF MATURING BONDS.

some Interesting Points About Municipal Finances and

#### I LIST OF THE BONDED INDEBTEDNESS

The city tax levy of next year will be coniderably relieved, and the city debt will be essened, by the maturing next epartment loan bonds and of a large lock of water loan bonds, the two amounts ggregating \$425,800, upon which interest and sinking fund assessments have been evied for the past 20 years. While makng up a list of the city's indebtedness yeserday, Controller Morrow showed the effect f the maturing of the fiire department sonds alone would have on city finances.

The bonds were issued for \$200,000 in 1873, it the time the fire department was changed rom a volunteer to a paid organization, for he purpose of putting in the fire alarm teleraph and increasing the equipment. On he first day of April next the bonds will ave matured. To meet them there is in he sinking fund for that purpose the sum f \$210,265, of which \$194,000 are invested a securities netting the city 3 per cent inerest. They are 7 per cent bonds, it being ecessary at the time they were issued to uarantee that rate on account of the bad conition of the city's finances, and they had a per cent sinking fund, which required an unual appropriation of \$10,000.

One Annual Appropriation Stopped, Thus, by their maturing and payment an nnual appropriation of \$24,000 will be topped. As the sinking fund already conains more than is required to close up the oan, no appropriation will be required for

The water loan bonds, a section of which nature at the same time, were issued for 25 ears beginning in 1868. The last of them ere put out in 1873. When the Brilliant umping station and Highland reservoir ere projected these bonds were issued to uild, equip and extend the plant. In rder to meet the bonds as they matured a 2 er cent sinking fund was provided, and in rder to float them on the market a 7 per ent interest guarantee was necessary. hese bonds are the only portion of the city ebt that will mature during the next six ears, excepting the fire loan mentioned bove. The bonds fall due as follows: In 893, \$125,800; in 1894, \$242,500; in 1895, 243,200; 1896, \$1,132,500; 1897, \$40,500; 1898, 2,398,000. This will wipe out the water fter 1898 until 1904.

Wiping Out the City Debt, Although only a 2 per cent sinking fund as provided for this loan, prior to 1880 ven a portion of this small fund was taken r municipal expenses, and at one time it as nearly depleted. In 1881, however, Controller Morrow assumed the office is first term, he laid down his policy of ng out the city debt as quickly as pos-, and compelled the Finance Committee bandon the irregular way of handling various sinking funds that had been in ac, and to prepare to meet the obliga-is of the municipality as they came due. secordingly they began returning to the ter loan fund the money that had been verted into other channels, and by the in-estment of the moneys in it in good securiies and compounding the interest it aggre-'ed at the close of the last fiscal year 166,541 33. Of this amount \$1,466,033 is

er cent per annum.

Although a large portion of the city's onds are out at 7 per cent interest the verage rate is only 5.5021 per cent. A eneral statement of the bonded debt and in unseating him." ate of interest shows \$4,088,097 97 out at per cent, \$3,501,803 90 at 5 per cent, \$510,-00 at 6 per cent and \$5,104,500 at 7 per ent; total, \$13,204,401 87. When the Bonds Fall Due,

In addition to the fire and water loan onds already mentioned the other city onds mature as follows: Registered muniipal consolidated 6 per cents, \$210,000, nature in 1904. Water loan registered 6 er cents, \$300,000, mature in 1908. Imrovement 4 per cents, \$3,734,700, nature in 1915. Railroad script nature in 1915. Railroad script and 5 per cents, \$50,187, bonds due on resentation. Funded debt 7 per cents, 500,000, mature in 1909. Refunded Fifth venue Market House 5 per cents, \$25,000; efunded City Building 5 per cents, \$170,000; total, \$195,000, mature in 1910. unded debt 7 per cents, \$121,000; funded lebt improvement 5 per cents, \$77,000; otal, \$198,000, mature in 1912. In 1913 there will mature \$3,582,700 cf. In 1913 there will mature \$3,582,700 of

he city's indebtedness, of which \$1,403,000 rill be funded debt improvement bonds, 353,300 railroad compromise 4 per cents nd \$1,826,400 railroad compromise 5 per ents. This completes the list of the city's Already a number of men prominent

n the city's financial conduct are discussing he necessity of a big issue of bonds to carry orward street improvements, to build free ridges to the Southside and to complete he proposed purchases and embellishment f public parks. Opposed to Issuing More Ponds,

The conservative element in city afairs, among whom might be mentioned controller Morrow and C. L. Magee, are pposed to any further issue of bonds ntil the present debt is practically wiped ut. They argue that a comparatively mall annual millage will make all the imrovements necessary until such a time that he debt is reduced so that the payment of nterest thereon will be a trifle. After that hey say there will be no necessity for onds, as the city's taxable valuation will ge than that of 1892 will pay all running appears of the municipality and allow ample cope for improvements. Besides, they rgue, there is a possibility in the meanime of an emergency arising that will rgue, there is a possibility in the mean-ime of an emergency arising that will com-sel an issue of bonds, and a big one, and if he debt is increased unnecessarily such a ontingency would plunge the city so teeply into the slough that extrication would be almost impossible.

Making the City Free of Debt. If the conservative element is able to sold down, the debt will in 23 years be reinced to comparatively nothing, as within hat time the largest of the city's obligations fall due. But, according to those acquainted with the subject, there will be accessity for very careful handling of musicinal forces. he various loans as they ma-ure. Controller Morrow says that ure. Controller Morrow says that or a couple of years the water loan sinking und will, as at present invested, yield ufficient, with the annual appropriations, o meet the maturing bonds, but after that t will require sharp financiering to keep it ip. It is his earnest desire to continue in he Controller's office four years longer, in that time he feels satisfied in the can accomplish his life's work—rovide beyond a doubt for clearing off the ity's debt. He takes great satisfaction city's debt. He takes great satisfaction out of the fact that when he first became controller this city's bonds were a drug on he market, and that now those of no city in the country are in much greater demand, ulthough municipal bonds in general are the favorite marketable securities.

Senator Quay Goes Home.

Senator M. S. Quay passed through Pittsourg yesterday morning on his way from Vashington to his Beaver home. The Sen-tor will remain at Beaver for a month, and will then go to Florida. He refused to alk about the delay in confirming George V. Miller as Collector of Internal Revenue, and said he knew nothing of "a Senatorial ontest" in this State.

### HELD FOR MURDER.

George Strasser Sent to Juli to Answer for the Killing of Joseph Brandl-The Testimony Considerably Confused.

The inquest in the case of Joseph Brandl, who was stabbed in a row on the Southside Wednesday night by George Strasser, was held yesterday afternoon by Coroner Me-Dowell. The defendant was committed to jail to answer the charge of murder. There were quite a number of witnesses examined, but the testimony was badly mixed. The fight on Wednesday night seems to have been partially the result of some old feuds among a lot of German families in the Twenty-seventh ward.

It was evident at least that the majority of the witnesses were prejudiced against Brandl, the dead man. No two of them told a similar story, although all of them admitted being in the vicinity of the fight. Nearly all of them swore that Strasser had no weapons at all.

Alderman Bleichner was the first witness He simply presented the ante-mortem statement taken from Brandl before he died. It only contained a dozen words and read as

Mr. George Strasser came out and cut me. We had no words. His JOSEPH X BRANDL. mark.

Witness as to mark, G. J. BLEICHNER, Alderman,

Dr. J. D. Thomas, who conducted the post mortem, gave the causes of death and described the half dozen knife wounds he found on the dead man's body. The one which caused death was in the abdomen, The knife had penetrated the kidney. Death resulted from the loss of blood and shock. Dr. George P. Rossman corroborated the testimony of Dr. Thomas.

Superintendet C. H. Hertzog, of the Southside Hospital, stated that Brandl had

been taken to the hospital at 11 o'clock Wednesday night and died yesterday morning at 8:15.

ing at 8:15.

Quite a number of witnesses were then
called, including Mrs. Annie Strattenberger,
the woman with whom Brandl boarded, Elthe woman with whom Brandl boarded enora Bredle, Strasser's girl, who had been with him to the 'Squire's office, where Brandl had been sued for a board bill; Frank Strattenberger, Caroline Frauens-berger, Henry Wenzel, Mathias Barthel, George Strattenberger and John Brandl, a brother of the defendant.

The testimony, while very much mixed, seemed to show that on the way home from Alderman Beinhauer's office the crowd had divided into two sections. When Mrs. Strasser and her daughter passed Brandl's boarding house, going up Holt street, Brandl was sitting in the yard. Some words passed between them, and Brandl ran out and attacked Mrs. Strasser. She called for help and her son ran down the street. The two men came together and Brandl was

The jury returned the following verdict and Strasser was committed accordingly: The jury find that Joseph Brandl came to his death from exhibition and shock due to knife wounds inflicted on the night of Au-gust 3 about 9 o'clock by one George Stras-ser, and we recommend that said George Strasser be held for the action of the next

COL STEWART IN THE FIELD.

He Has Announced for Craig's Unexpire Term in Congress.

W. G. Guiler, who was attorney fo Colonel Stewart in the Congressional contest in which he was unseated, and a leading Republican of Fayette county, is at the Monongahela House. He says Colonel Stewart has announced himself as a candidate to succeed the late Mr. Craig.

"The disposition of our people," Mr. Guiler said, "is to elect Colonel Stewart to fill the unexpired term just as a vindica-tion. The Republicans of the other counties in the district seem to be possessed of the same disposition, and it now looks as though Stewart would be chosen without vested in securities, netting the city 3 opposition in his own party. They all claim that it is Stewart's unexpired term and to turn him down now would be to in-dorse the action of the Democratic House

Says He Drove Over Him

William Beach was committed to jail yesterday afternoon by Alderman Gripp to answer to-morrow a charge of aggravated assault and battery. Mrs. Annie Jones made the information in behalf of her husband whom, she claimed, was run over intentionally by a horse driven by Beach. The parties live in Soho.
